We are well professional of providing affordable and reliable security solutions to our customers. We provide **Armed** and **Unarmed** security guards to meet the industrial security needs. Our well-trained guards are ex-servicemen, personnel from paramilitary forces or well trained young men.

We are one of the leading service providers of an excellent and professional Facility Management Services for our esteemed customers. We approved professional methods for accomplishing every project to make our service reliable and flexible.

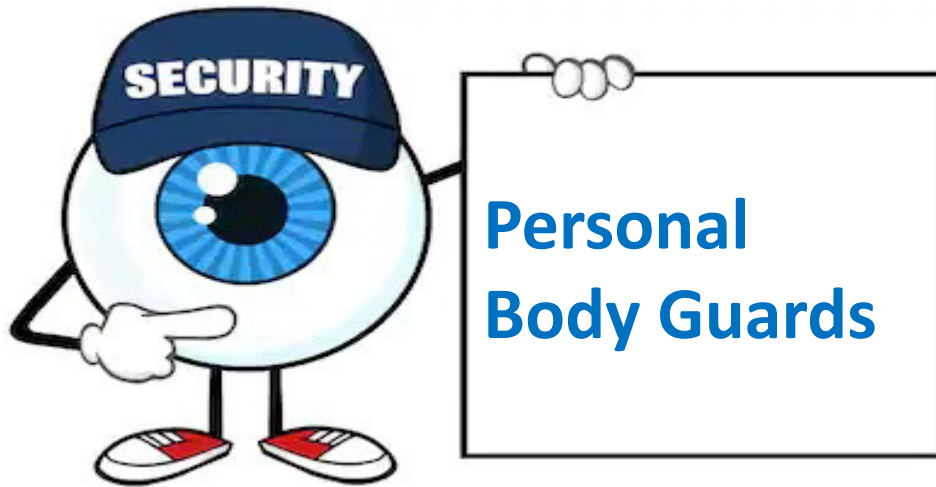

We offered bouncers services which can be availed by the people for different tasks and duties. These bouncers are professionally trained persons and provide complete security to the people they work for.

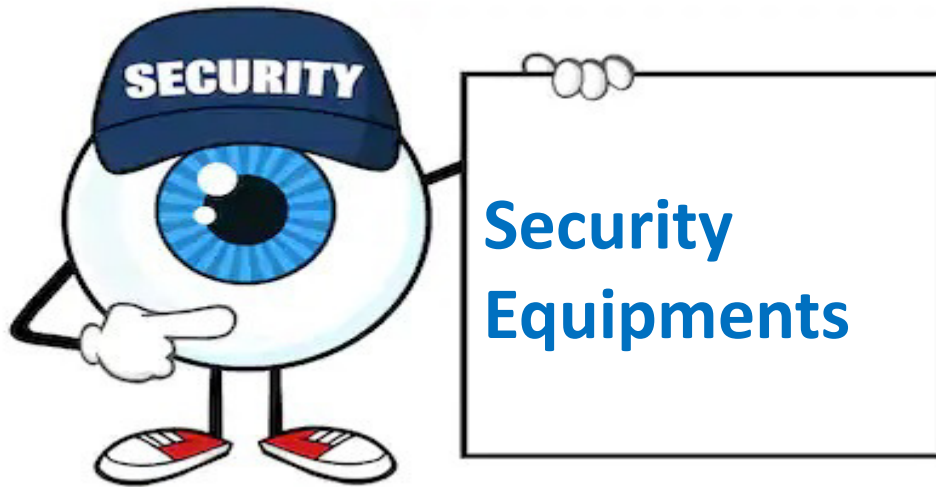

We provide special security arrangements for specific events by sensible combination of electronic gadgetry and security personnel. Having a great physique and good understanding of security procedures, our every guard is highly dedicated to execute the given assignment with full dedication.

We provided comprehensive security in the form of Armed Personal Body Guards, who have been mainly trained for offering optimum security. All these experts body guards have been equipped with licensed weapons, and can use these in an accurate and swift manner

We provide security equipment like metal detector, CCTV, alarm systems and others. Our metal detector is appropriate to be used for frisking at airports, customs, bank, jeweler units, courtrooms, defense establishment, malls, and other public places. Our array of Metal Detector is highly durable & reliable and holds the capability to detect the hidden metal objects.
